

- Check Claude Code MCP connections
claude mcp list && claude mcp test github && claude mcp test vercel

Verify Vercel deployment and build status

```
vercel ls && vercel logs --since=1h
```

Test live application endpoints

```
curl -I https://[your-app].vercel.app/api/health  
curl -I https://script.google.com/macros/s/[script-id]/exec?action=test
```

Check GitHub commit synchronization

```
git log --oneline -5 && git status
```
